### WORK EXPERIENCE

#### **WEBIT**

##### **FRONT-END WEBSITE DEVELOPER**

As a Web Developer at WEBIT, I designed and developed responsive websites using HTML5, CSS3, and JavaScript. I utilized front-end frameworks such as React and Vue.js to build scalable web applications. I implemented back-end technologies such as Node.js and RESTful APIs to create efficient server-side logic. I collaborated with cross-functional teams to ensure seamless integration of front-end and back-end components. I conducted unit testing, integration testing, and debugging to ensure high-quality code delivery. I implemented DevOps practices such as continuous integration, continuous deployment, and continuous monitoring to ensure fast, reliable, and secure web application delivery.
